

Electric Hydraulic Lift & Tilt Scissor Tables

- Restraining chain and 12" high lip keep load in place during tilting
- Electric toe guard, internal safety velocity fuse and upper travel limit switch ensure operator safety
- 4 push-button hand pendent control on 8 foot coil cord allows for operator flexibility
- Optional accordion skirting for lifting and tilting portions of the table available upon request
- 3000 PSI hydraulic component rating
- Industrial quality, 56 frame, 2 HP motor delivers best torque with minimal amperage draw and maximum life
- CSA Compliant
- Operation Type: Hydraulic

Straddled Ergonomic Tilters

- Functions as transporter by moving products from work station to work station without the need for a truck or lift table
- Features a folding ergonomic handle for quick and easy manoeuvrability
- Thin profile allows user to get as close to the load as possible
- Can be used with any kind of container, pallet or skid
- Dimensions: 72-13/16" L x 57-1/4" W x 29-1/4" H
- Fork Length: 28-1/2"
- Raised Height: 37"
- Lowered Height: 3"

Platform Tilters

- Designed to position containers within easy reach of machine operators
- Reduces fatigue by minimizing repetitive bending and stretching required to obtain components
- Platform includes a 12" high lip on tilt side
- Uses 2 HP, three phase, 60 Hz totally enclosed motor
- Operation Type: Hydraulic
- Other features include: two-button handheld control, integrated maintenance lock, pressure compensated flow valve and adjustable upward travel limit switch
- CSA Compliant
