

Drain Cleaners

UP TO 4" CAPACITY DRUM MACHINES

Model K-400 – For 1 1/2" to 4" (32-100 mm) drain lines

User-friendly features make the toughest drain cleaning jobs easier and hassle-free. Designed with a sleek profile, the K-400 is a good fit for drain cleaners, service plumbers, facility and institutional maintenance departments and property management companies.

CHARACTERISTICS:

- Integrated transport cart – allows for easy movement. Heavy-duty, over-moulded rubber wheels easily navigate over bumps and up stairs
- Integrated telescoping handle – provides high-handle height during transport. Handle locks in low position during drain cleaning operation or during transport to minimize space requirements
- Cable control system – causes the drum to stop spinning when the blade becomes lodged in a blockage, limits potential for cable to flip over in the drum and helps to indicate to operator when blockages are encountered
- "Solid core" cable – uses tough 3/8" or 1/2" Integral Wound (IW) solid core cable that is rugged and kink resistant. Each size comes in several lengths and utilizes a variety of the Ridgid® quick-connect cutters
- Autofeed® – offered as an accessory, this patented, automatic cable feed powers cable in and out of the drain. Reverse the direction of the Autofeed® and the cable feeds back into the drum
- Drum capacity: 100' of 3/8" diameter cable 75' of 1/2" diameter cable
- Motor : 115 V/60 Hz, reversible, split phase , rating 1/3 HP @ 1725 r/min, Amps 6.7 CSA approved
- Approved to UL standards (NRTLCL)
