

Sunnex Task Lights

- Provide the concentrated light most needed for operations performed in today's workstations
- Ergonomically designed for ease-of-use and engineered to withstand years of operation

- Flexible gooseneck resists heavy vibration
- Scratch resistant PUR sleeving protects the flexible gooseneck arms from dust, oils, and moisture

Note: After selecting the desired lamp, select the desired base style from the mounting bases and accessories table at the bottom of the page.

20-WATT HALOGEN SERIES

- Compact head design allows positioning to provide the best lighting with minimal view obstruction

Standard features include: 12 V, 20 W halogen bulb, clear lens, spot reflector, black PUR gooseneck sleeving, 120 V power supply, On/Off switch, 7' SJT-18 polarized cord set

APPLICATIONS:

- Industrial manufacturing
- Assembly
- Inspection
- Medical and office

BW232 Base (optional)

BW233 Base (optional)

Model No.	Mfg. No.	Description	Price /Each
BW222	HS-700-20	20" Flexible Gooseneck, w/ built-in 120 V/12 V Transformer	
BW223	HS-700-27	27" Flexible Gooseneck, w/ built-in 120 V/12 V Transformer	
BW224*	HS-741-20	20" Flexible Gooseneck, 12 V, No Transformer	
BW225*	HS-741-27	27" Flexible Gooseneck, 12 V, No Transformer	
BW226	28610	120 V/12 V Protective Transformer	

* These units can be wired directly into machinery power supply.

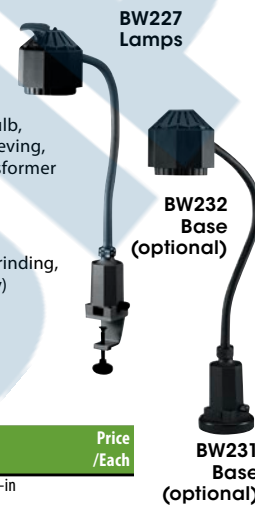

50-WATT MOISTURE RESISTANT HALOGEN TASK LIGHTS

Moisture proof lamp head, lens, and reflector, make the light fixture suitable to any environment, without risking electrical damage to the lamp, or injury to the operator

Standard features include: 12 V, 50 W halogen bulb, clear lens, flood reflector, black PUR gooseneck sleeving, 110 V power supply, On/Off switch located on transformer base, 7' SJT-18 polarized cord set.

APPLICATIONS:

- Industrial machinery (CNC lathes, drill presses, grinding, milling and other high vibration shop machinery)
- Assembly workstations
- Workbenches

BW227 Lamps

BW232 Base (optional)

BW231 Base (optional)

Model No.	Mfg. No.	Description	Price /Each
BW227	HF2000-27	27" Flexible Gooseneck, w/ built-in 120 V/12 V Transformer	
BW226	28610	120 V/12 V Protective Transformer

BASES		
BW231	Magnetic Base	
BW232	C-Clamp Bracket, 1 3/4" Opening	
BW233	8" Round Table Base	

700 Series LED Lighting

The LED element offers a significant increase in luminous intensity of a standard 20-watt halogen bulb, while providing close to 70% less energy consumption, cool-touch heat management and a projected 25 000 hours of high-output lighting.

FEATURES INCLUDE:

- Compact 3.2 W LED lamp head with 340° rotation 90° bend
- Flexible gooseneck
- Exceptionally long element life (35 000 hours)
- Cool operating temperature
- Push button On/Off switch in head

APPLICATIONS

- Medical
- Assembly
- Visual Inspection
- OEM Applications
- Fine Assembly
- Industrial Manufacturing
- Office
- Bench Work
- Electronics
- Packaging
