

### BMP®21 Plus

The Brady BMP®21-PLUS printer combines toolbox-ready ruggedness and world class materials in an economical grab-and-go printer. The BMP®21-PLUS thermal transfer printer creates clear, legible, industrial strength labels that will stay stuck for years – even in the harshest environments

- Ergonomic, center-balanced, printer with grab-and-go ridged grip for solid handling
- Two line LCD display provides clear visibility
- Smart Cell technology for automatic label set up and automatic formatting for wire wraps, terminal blocks, patch panels, cable flags and general labels
- Multi-functional accessory with magnet, flashlight and retractable printer stand for easy handling
