

PRODUCT DESCRIPTION

The TA200 is an ergonomic sit/stand chair designed to improve worker comfort during tasks on elevated surfaces by reducing foot and leg fatigue during prolonged periods standing. The wide seat and the non-slip suede band provide stability. Seat height and angle adjustments ensure maximum comfort.

“ This sit/stand chair allows for a dynamic sitting posture enabling easy movement of the upper limbs and torso. Unlike a standard chair or stool on which weight is mainly distributed on the buttocks and intervertebral discs, the seat of the TA200 tilts to maintain an optimal spinal position. ”
