

Secure Click™ HF-800 Series Half Facepiece Reusable Respirators

- Comes with a speaking diaphragm that's designed to help provide easier communication during work
- Replaces round bayonet connectors with the 3M™ Secure Click™ Connection which functions like a seat belt, simply align the connections and push until there is an audible 'click'
- Silicone face seal with patented flex joint nose bridge helps provide a softer feel for more comfort on the wearer's face
- Easy-adjust head cradle buckles, pull straps to tighten, squeeze the buckles to loosen
- Overmolded design for easy assembly/disassembly
- Exhalation valve helps direct exhaled breath and moisture downward
- Greater breathability and comfort provided by the quad-flow cartridge system
- Low-profile half facepiece design offers a wide field of view and compatibility with certain welding and grinding shields
- Facepiece Material: Silicone
