

Advantage® 200 LS Half Facepiece Respirators

- Clear blue facepiece subtracts 25% of the weight and adds noticeable softness to give workers more comfort and stability than ever
- AnthroCurve™ sealing surface, which instantly conforms to each wearer's unique facial characteristics
- The unmatched fit and comfort start with a soft, pliable combination of rubber and plastic that provides a virtually customized fit
- Patented MultiFlex® system equalizes pressure on the face-seal area while delivering exceptional stability

Advantage® 420 Half-Mask Respirators

- Mask can be adjusted to wearer for a comfortable fit, helping to reduce potential pressure points throughout the day
- Adjustable crown strap adapts to different head sizes
- Patented yoke and harness design enables quick and easy switch between lock-down and drop-down modes
- Dropdown mode allows users to remove the facepiece and rest it safely against the chest while maintaining use of head protection they may be wearing
- Lock-down harness mode allows the user to lock in personal fit so that the respirator can be donned without further adjustments
- Has only 3 major components, keeping replacement and maintenance costs down
- Can be used with plastic Advantage Cartridges or threaded metal Comfo Cartridges (sold separately)
- Facepiece design provides stability and soft feel
- Built-in moisture release chin cup hole, and extra-wide head and neck straps
- Designed for easy integration with other personal protective equipment such as safety glasses and welding shields
- Features facepiece, head cradle, elastic straps, buckle set, yoke with lever, two (2) inhalation valves, one (1) exhalation valve
- Facepiece Material: Elastomer

Advantage® 900 Half-Mask Respirators

- Designed for repeated cleaning and decontamination resulting in dramatic cost savings over filtering face piece respirators
- The included mechanical speaking diaphragm allows for improved communication among essential workers, patients and the public
- Does not have an exhalation valve which allows for filtration of exhaled air, thereby providing a means of source control and use in a sterile field environment
- Reuse and cleaning capability make the Advantage 900 respirator a more eco-friendly alternative by removing single use disposable alternatives from the waste stream
- Overmolded multiflex nose cup provides stability and on the user's face and while maintaining a secure fit
- Anthrocurve face piece design maximizes fit and comfort and reduces potential leak points
- A suitable respiratory protection solution for essential workers, including those in healthcare, food processing, fire service, first responder, EMS and other essential industries
- Rear clasp and drop-down head harness keeps straps away from users face
- Respirators can be stored indefinitely for stockpile purposes and filters have a proven storage time of 10 years
- Facepiece Material: Elastomer
- Approval(s): NIOSH

SGZ283	10218528	Medium	
SGZ284	10218529	Large	

Advantage® 3000 Full Facepiece Respirators

- Full-face respirator features a wraparound lens combined with a soft, pliable silicone facepiece
- For the utmost in convenience, Advantage® 3000 uses the same cartridges and filters as the Advantage® 200 LS respirator
- Lower breathing resistance; includes a standard noseclip that reduces fogging in low temperatures or high humidity conditions
- Scratch-resistant coating has been engineered to be optically correct, giving you superior visibility and peripheral vision
- Pre-adjustable straps for a consistent fit, time after time
- Choose between standard rubber harness or Advantage® harness that dons like a catcher's mask
- Cover lenses available
